

Your One Stop Shop!

Total Corporate Solutions Beverage Division offers your business an opportunity to reward yourself and your company any day of the work week with a coffee house experience. Allow yourself to enjoy a cup of smooth rich coffee or a glass of refreshing filtered water.

Our **Total Corporate Solutions** Beverage Division offers an array of brewing systems, from the traditional coffee brewer or airpot brewing system to the ever popular single cup Keurig brewer. Whether you choose a traditional or newer brewing system, you can rest assured that our premium coffee, tea, and beverage varieties range from full bodied complex flavors to rich and balanced tastes.

In addition to coffee, our **Total Corporate Solutions** Beverage Division also provides water filtration and reverse osmosis systems such as Innowave and Vertex. Upon request, these systems have the option of added UV and Bio Cote protection which administer protection against bacteria and germs. Give us a call for a free demo on any of our coffee brewing or water systems. Allow us to tailor to your refreshment needs and provide you with your break room solution today!
